Summary

Full Stack Developer with a passion for innovation and creation, with focus on front-end development.

I specialize in the MERN stack, REST API development, and core web technologies including JavaScript (ES6)/ TypeScript, React, Next.js, Node.js, MongoDB, Express, HTML, CSS, and Tailwind. My expertise lies in crafting dynamic and intuitive web applications that prioritize user experience, with a particular focus on front-end development.

With over a decade of experience in Graphic and Editorial Design, I bring a unique blend of artistic flair and technical expertise to my projects. My diverse background, which includes time as a chef, has honed my skills in adaptability and attention to detail. This unique combination allows me to approach development challenges with a fresh perspective and an unwavering commitment to excellence.
